

## How to license a 2N SmartCom server

1. Install 2N SmartCom (next just SmC) server. You will have 800 free hours for 2 users and 2 terminals. <http://www.2n.cz/en/products/m2m/smartcom/downloads/>
2. When you need to get a license, open program in **windows menu -> all programs -> 2N TELEKOMUNIKACE -> 2N SmC -> 2N SmC License Tool**

3. Copy Server ID and send it to [support@2n.cz](mailto:support@2n.cz)
4. When we will receive license file, get back to SmC license tool. Browse your license and do upload.
5. For checking new license saved alright, just close and open SmC license tool again, you will be able to see new unlimited license for 10 users and 1000 terminals
