

License status: Locked

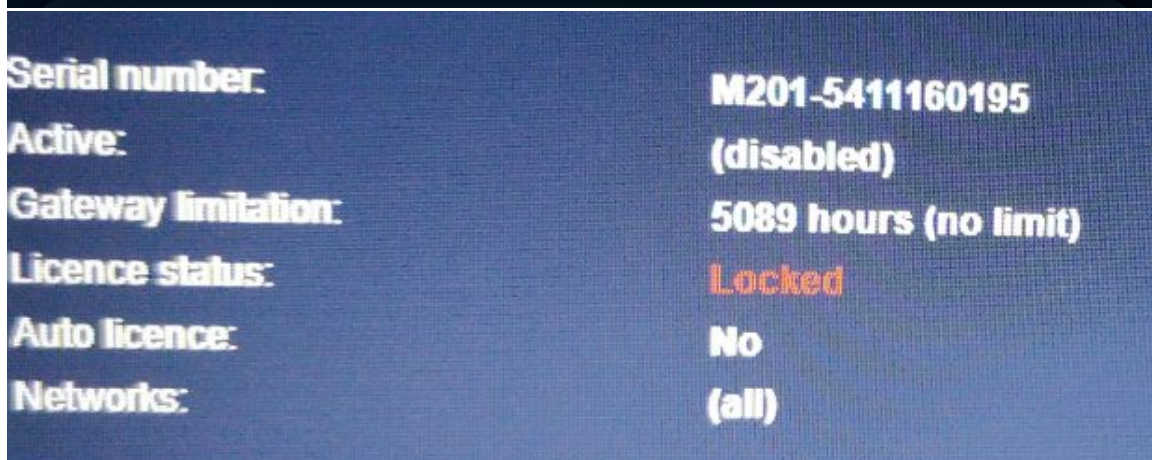

If you can see status "Locked" in device's website - Management - Licence key ...

The screenshot shows the 'Management' page of the 2N VoiceBlue Next device. The 'Licence key' section is active, displaying the following information:

Information for gateway licence	
Serial number:	M201-5405650258
Active:	G729 SIP TUN ME8 SMSU200 SMSS SMSE SNMP
Gateway limitation:	8922 hours (no limit)
Licence status:	Unlocked
Auto licence:	Yes
Networks:	(all)

Below this, the 'Gateway licence change' section is visible, featuring a warning: "Warning: It will cause gateway restart!". The 'Licence type' is set to 'Licence key file'. A file selection area shows 'Procházejte...' and 'Soubor nevybrán.'.

This close-up screenshot shows the following status information:

Serial number:	M201-5411160195
Active:	(disabled)
Gateway limitation:	5089 hours (no limit)
Licence status:	Locked
Auto licence:	No
Networks:	(all)

... than please follow this steps to make it working again

1) Please upgrade the firmware to the latest version. [WIKI PAGE](#) [firmware 1.36.2](#)

2) Please set the right date and time in the device. [MANUAL PAGE](#)

3) Please upload the license file again. Try to download it via another email client, do not open it, just upload.

4) Eventually please make a factory reset. [WIKI PAGE](#)
